Annual Chapter Sponsorships (NKBA Members ONLY)

Your company’s recognition opportunities just increased! We present our Annual Sponsorships. With a website, regular newsletters, at least six meetings each year, and training, education, and more training, your company will be recognized with the best industry professionals in Alaska.

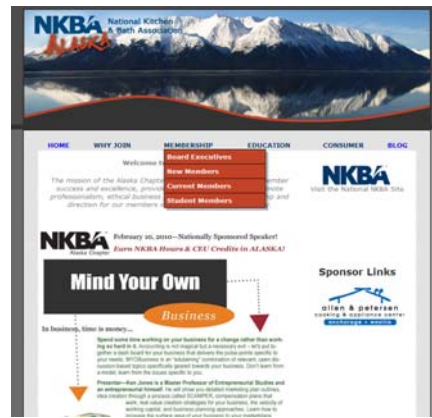

What comes with the sponsorship?:

You may sponsor just one, or a combination of the following three options as noted on registration page.

1. Website Recognition:

With the continued increase of value placed on the internet, networking with the local NKBA chapter will bring continued connections with the local industry professionals.

On chapter website, professionals can get upcoming meeting information, newsletters, links to important training and certification information, and officer contact information.

2. Chapter Notices:

Receive Corporate recognition by logo sponsor placement on each of the notices for the Chapter Meetings within the calendar year that you sign up. Also get a few minutes of time to present yourself to the chapter at the beginning of each meeting.

Visit our website to see the list of topics and subjects planning to be covered during the year.

3. Tabletop:

Opportunity to set up a small tabletop display (up to 3’x3’) for company literature, product samples, etc. outside of the chapter meeting room to make contacts with potential dealers and designers attending the meeting. Must know one month in advance the plan to have a table, so that space may be planned on location.

Sponsor Registration Form
