

# Man vs. Machine Countertop Fabrication

Paul Rasmussen and the Mountain Tops, LTD team, will present a step by step demonstration for quartz and granite countertop fabrications. From template to completion, they will introduce the features of CNC fabrication vs. hand fabrication. This is an awesome opportunity to gain insight for you and your clients on the process steps that go into custom, stone countertops!

**THURSDAY  
JUNE 10TH**

- Registration 6:00-6:30
- Drawings & Announcements 6:30-7:00
- Presentation 7:00-8:00
